

What to Bring to Your Eye Health Examination

When you arrive for your eye health exam, we want to be sure you have a first-class experience! We don't want to miss anything that may be important for you, your eye health, safety, protection, and comfort. In order to help us provide an extraordinary eye health experience, please bring the following:

- Vision benefit information
- Medical insurance card, including your medicare card if you have one
- A form of identification.
- The means to make payment for your co-payments and other purchases
- Your current eyeglasses
- Your current sunglasses
- Your current computer and/or reading glasses
- If you are a contact lens wearer bring:
 - Your contacts
 - Your contact lens 'blister pack'
 - Your contact lens case
 - Your eyeglasses you wear whenever you're on cold, flu or allergy meds
 - Your current sunglasses.
- Any over-the-counter eye drops not prescribed by your eye doctor.
- Anyone with you who you need to help you choose your eyewear.
- You may be dilated to inspect your internal eye health; if you need help driving because your vision may be blurry for a few hours, bring your driver with you

Plan on your schedule to be with us for 60 minutes. Our entire team looks forward to providing an exceptional eye care experience!
